

BLANCO

YOU'VE
GOT
THE
CH*ICE

 GERMANY
SINCE 1925

SPARKLING, BOILING, CHILLED, FILTERED OR UNFILTERED WATER.

With BLANCO CHOICE there's limitless ways to enjoy water directly from your kitchen.

Introducing BLANCO CHOICE, a versatile solution that will revolutionise your water experience, offering limitless options to cater for every water taste. Whether sparkling, boiling, filtered chilled, or unfiltered water, BLANCO CHOICE puts it all at your fingertips. With its innovative features and space-saving installation, you can now customise your water experience effortlessly. You can precisely control the temperature, bubbles or quantity and save 4 personal settings conveniently via the BLANCO app.

Maximum water enjoyment is created with the ideal combination of CHOICE Icona semi-professional tap and CHOICE.All water conditioning unit, together they provide one solution for all types of water. Plus CHOICE can be perfectly combined with BLANCO storage accessories to maximise cabinet space.

Immerse yourself with the ultimate freedom of choice and dispense water exactly the way you like it.

BLANCO CHOICE.

Overview of the drinks system.

CHOICE ICONA

Semi-pro tap with complete kitchen functionality for prep and clean workflows, available in four elegant finishes.

CHOICE.ALL WATER CONDITIONING UNIT (WCU)

The water system includes a filter, sparkling & cooling unit, boiler and touch display.

WATER YOUR WAY.

Instant refreshment that's personalised to you.

Sparkling, boiling hot, chilled, filtered and unfiltered – all in one place. There are limitless ways to enjoy water directly from your kitchen.

Users can easily adjust the temperature of the hot water to dispense anywhere between 65°C and 100°C depending on the optimum temperature of the drink you are making. Similarly, you can set the chilled water to anywhere between 'low' to 10°C. These can be changed via the display on the water conditioning unit or the new BLANCO UNIT app.

Personalisation plays an important role in any new kitchen and with CHOICE homeowners have ultimate control. From changing the temperature settings, to adjusting the amount of bubbles in sparkling water, users can save their favourites as one of four pre-sets via the BLANCO UNIT app.

MORE WITH LESS.

One solution for all types of water.

CHOICE provides one seamless solution for all types of water. Whether it's filtered chilled, boiling or sparkling water for making drinks or hot and cold mains water for food prep and cleaning up, it's all in one place. This keeps your worktops clear and creates more space in the fridge.

It also removes the need for multiple kitchen products, such as a kettle, water filter jug and bottles of water. With sparkling water available straight from the tap, it's possible to save up to 180* bottles of sparkling water a year, which is a lot of plastic.

*180L CO₂ expected per year x 3 bottles, based on average consumption

CLEAR THE CLUTTER.

Maximising storage space.

Compact in size, the water conditioning system sits neatly and discretely under the sink to maximise storage space. The compact water conditioning system is just 20cm wide and only occupies less than quarter of a standard cabinet size*. This allows for other products like bins and organisation systems to be added under the cabinet, making good use of this often neglected and chaotic space

*Standard cabinet size
600mm x 575mm x 890mm
based on volumetric
capacity.

TASTE MATTERS.

Every drink looks and tastes better.

CHOICE aims to make every drink look and taste better. The unique 5-stage filtration process provides outstanding protection against limescale and impurities, plus it removes other particles that impair smell and taste. This leaves you with the perfect tasting drink whether you're drinking water on its own or making a tea, coffee or other refreshments.

BLANCO CHOICE.

The limitless ways to enjoy filtered water directly from your kitchen.

One Tap,
More Choice.

Food preparation.

- + Blanching tomatoes
- + Preparing sauces and gravy
- + Soaking dried pulses and lentils
- + Thaw frozen foods

Drinks.

Vary the temperature range for boiling hot water and chilled water to suit preferences and drink styles.

CUSTOMISABLE SETTINGS WITH THE BLANCO UNIT APP.

The BLANCO UNIT app combines functionality and user customisation to enhance your experience with BLANCO CHOICE.

With a focus on customisation, the BLANCO UNIT app allows you to tailor your preferences through personalised settings, giving you the option to save 4 personal settings conveniently via the BLANCO app which will dispense from the CHOICE Icona rotary wheel.

The ability to initiate water flow remotely adds a layer of convenience, allowing users to start the flow before reaching the sink. The app also serves as a valuable resource by providing easy access to manuals, ensuring users have instant guidance on installation, maintenance, and troubleshooting. Additionally, the inclusion of statistics offers users insights into water usage patterns.

The app can be downloaded through the App store or Google play.

WASTE AND ORGANISATION SYSTEMS.

BLANCO CHOICE unfolds its full potential as part of a complete BLANCO UNIT system. Together with a matching sink from the extensive BLANCO portfolio plus one of the BLANCO waste and organisation products, the water place really becomes the convenient centre of your kitchen.

The BLANCO UNIT is a complete solution that combines the functionality of a sink cabinet with the convenience of a water station. It has been designed to optimise the comfort, efficiency, and installation of modern kitchens. One of its standout features is its ability to make the best use of available space. The various elements of the BLANCO UNIT fit together seamlessly, creating a cohesive and unified design. This ensures that everything you need for your kitchen tasks is within easy reach, promoting a more efficient workflow.

Whether you're looking for enhanced functionality or seeking to elevate the visual appeal of your kitchen space, the BLANCO UNIT combined with BLANCO CHOICE delivers on all fronts as a versatile water place solution.

With the new waste and organisation products that fit perfectly in the base cupboard with BLANCO CHOICE, there's room for everything and it still looks stylish.
